

## Donna Draper

With over a decade of experience as a Texas health and life insurance agent, I have been proudly serving Fort Worth and its surrounding areas. I love what I do, working as an advocate and educator for my clients. I ensure they fully understand what they are looking for in an insurance plan, empowering them to make informed decisions. My expertise lies in Medicare Advantage plans, Medicare Supplement (Medigap), PDP, and Pre-need funeral plans.

I specialize in helping my clients navigate the complexities of health insurance. At no additional cost to them, I assist in finding and applying for local, state, and federal programs. I also research prescription options, finding coupons or manufacturer assistance to help reduce costs. Additionally, I offer pre-need funeral plans, ensuring that your loved ones are not burdened with handling the details of your funeral arrangements.

As a mother of three boys, blessed with a wonderful daughter-in-law and two beautiful grandchildren, I understand the importance of family and preparation. Having experienced the sudden loss of my spouse, I know firsthand the harsh realities of healthcare and the impact of unexpected loss. This experience has reinforced my commitment to helping others prepare for such events, providing peace of mind and support to their families during challenging times.

I look forward to helping you navigate Medicare programs that work best for you and any pre-need programs you may be interested in to protect your family and provide you with peace of mind.

Sincerely,  
Donna
